

Science and Tech. Inspired Artwork Competition

We believe many great ideas that shape the very core existence of our civilization, came from the great minds of the artists. Before any extraordinary invention, an extraordinary idea is a must, and that is greatly dependent on one's imagination. In this segment, we want to inspire those ideas which carry a great imaginative power and a great science & technological aspects.

Rules:

- ✓ One participant can send only send one cartoon/ graphic art.
- ✓ The dimension should be within the dimension of A4 paper.
- ✓ The submission should be online. Send the PSD/JPEG/EPS file online through mail.

(roboticsclub.mist@gmail.com). You must send your registration ID with the mail.

- ✓ The topic should represent your innovative idea regarding technology, science and robotics. It should be fictional and represent your imagination power.
